

Organised by Humboldt Cosmos Multiversity, edited and moderated by Stefan Güldenber, Wolfgang Güttel and Andreas Müller

# Leadership for orientation in a Complex World

(or: RE-Inventing Leadership by A. Discovering Humboldt)

A thrilling 2 days workshop-style, highly interactive event in an Austrian village Reith i. Alpbachtal (Tyrol, near to Innsbruck)

on August 27 – 28, 2018,

What is different in this event from other leadership seminars? - It...

- ... combines scientific discoveries with proven practices
- ... integrates non-formal and non-mainstream ideas
- ... addresses how to cope with complexity
- ... is highly interactive

and, most important:

- ... rediscovers the holistic synopsis as inherited from Humboldt
